

Jalynn Walker withdrawn

Was there any documentation you had to file with the county clerk, regarding your withdrawal?

- about to make a statement with herald & review
- endorses will wetzel and jacob jenkins

Are there any candidates you endorse for School Board?

Would you like to say why you're withdrawing?

I believe district 611 needs accountability for our students.

former TA of district 61 & sub. Current monther 61 student & alumni of k-12 dps 61

know every aspect of district & knows she can be a voice to advocate, for teachers & students & parents

young children that need a lot of her time & attention

withdrawing bc she doesn't feel that time is on her side & she wants to put her best foot forward & her full undivided attention (if she were to serve on school board)

director of youth with a positive direction, a violence prevention & intervention program

can continue to build character with her job now

doesn't have time for school board

will be active in community &

doesn't want to pull, but needs to focus on her kids

"I think the school board needs accountability"

funeral director & mortician & program director for part time job

with increase of work duties, i'm not able to be one of those accountable people & wants to

## Notes from Josh Tanner call

Jalynn still needs to file withdrawal of candidacy form

Others have filed withdrawals:

- jon leech jr ward 2 alderman withdrew maroa
- gina taylor withdrew
- datrice weathers withdrew
